MAWA FRESHhanger 4er Set 	The activated charcoal technology in the FRESHhanger™ absorbs unpleasant odours and keeps clothing fresh for up to six months. The FRESHhanger™ is pulled over the clothes hanger and the clothing is hung up over it. And then you are finished! You no longer have to air the clothing. You can also do without fragrance sprays or fragrance bags, which generally only cover over unpleasant odours. In contrast, activated charcoal is amongst the most absorbent materials of all. This technology is six times more effective than classic airing. The covering fits onto any MAWA hanger. So with the FRESHhanger™ you save time, money and natural resources.												
suitable for top clothes
